

INDEPENDENT CANDIDATE

The farmers have a central place in this constituency's economy.

Scotland's and Britain's farmers in war and peace have always responded spiritedly to the challenging national demands. We MUST support farming interests now.

I am reminded of those who served and fell in the Burma Campaign. The message from Iraq and Afghanistan remains the same today.

When you go home
Tell them of us and say
For your tomorrow
We gave our today

Sutherland is our Motherland

**We must not lose our Christian
Heritage, the Queen, the English
Language and our Great British
Parliamentary Democracy.**

Green Policies are Growing
As long as we are Growing we are Green
Come, let us Grow and Go Forward,
TOGETHER

Independent

Dear Friends,

Shortly we will be electing a new Edinburgh Parliament. May I call on you to support me and vote for me as I make my fifth Parliamentary attempt as your INDEPENDENT candidate.

This manifesto has been drawn up with great care and I hope you will agree with much of it.

The chief cause of rising crime, which affects us all, are the abuse of drink and drugs, the overall breakdown of family life and a general disregard for law and order.

I came to Ospisdale, Sutherland as an evacuee from London in 1942 and now live in Dornoch.

Primary school in Derbyshire and secondary school at Haileybury, near St Albans were followed by RAF service in Catterick, Innsworth, Jurby Isle of Man and Wildenrath, West Germany. Service as a Pilot Officer in the RAF.

Captain Cook in Endeavour, Resolution, Adventure and Discovery sailed to Australia in the 18th century, and we too like Captain Cook, Ellen Macarthur and Michael Perham must sail and venture into local and global challenges: world poverty and local need are staring at us with both eyes. Environmental damage is local and global as succeeding disasters and catastrophes instantly remind us - Remember Prestige.

Green is the colour of life. Green portrays the triumph of life over death, just as green spring follows winter.

At school Clement Attlee reminded us that politics is a crusade constantly against poverty - both at home and abroad.

Aggressive and abrasive fighting for the right is the greatest sport in the world and I ask you all to help me to try harder to serve better.

May I call on all to support my fifth Parliamentary campaign as your Independent candidate, and may I add how greatly I value your interest and attention.

Sincerely,
Gordon Campbell
