My Dearest Mrs Grant,

Your delightful little letter reached me a few days ago, and really I can't tell <sup>you</sup> how ~~very~~ happy I was to hear from you.

I'm delighted you love your new house and only wish I could get to come and spend a few days with you before we leave for home. Any way we have it heard quite when that will be, but it should be around August or September. If we get embarkation leave I will try to come to you. That's of course if you want me to?

John my brother is safely back at home, he's married and settled, and very happy, I'm really sorry you didn't meet him. I'm quite well and

very happy, <sup>2</sup> enjoying the weather which has been perfect the last few days.

I'm delighted you are all safe and well, give Effie Dad and the baby a nice long hug and kiss for me. Molly my cousin send lots of love and also wish she'd get the opportunity of meeting you. We had a lovely time in Ireland, it's a beautiful country, and we sure had lots to eat, but then I can never forget the lovely time we spent with you, it was much too short, I'll never forget how you fed us on beautiful ~~ham~~ <sup>glutton</sup> and eggs. You did feed us too (smile).

I haven't much news to write about, but you'll hear from me soon again, I promise and I will let you know when we are sailing for home.

All and more than all my love to you thanking you again for dear letter. God bless

Always yours  
little Olga
