

Largo Fife-shire

Feb 24 - 1880

Sir

I am instructed to forward
you a copy of our rules on information
of a Field Club or Field naturalists society
being formed in Golepie, & to convey to
you friendly greetings from the Largo Field
naturalists society, informing your members
that several of our members are to revisit
the habitats as registered of the Flora of Fife
& Kinross, & that if any of your members
are working up the mosses Hepaticae or Lichens
of Sutherlandshire, we will be ready to exchange
specimens with them, or endeavour to assist
them to determine species. The Land & Freshwater
Shells, is a desiderata with us our collection being
chiefly confined to those of the Fife coast

I am sir

PS our present knowledge
of the Flora of Fife & Kinross
in their various forms
is 1730 species & varieties

Yours truly

Chas House Secretary
