The Sutherland Democracy

Daniel Wm. Kemps

I will venture to say that in the whole of this island there exists not a more intelligent population connected with the labouring & industrial interests than the population of the County of Sutherland. —

Preface

This paper is published at the request of Members of the Edinburgh Sutherland Association, before whom I had the pleasure of reading it on the 4th instant.

Although it may be unnecessary, I think it right to say that the Association is in no way committed to the views therein expressed.
