

Provincial Royal Jubilee Hospital

Victoria. British Columbia.

Sept. 11th 1914

Dear Madam,

Your son Kenneth, who has been
a patient here for about 2 wks. is ~~very~~ much
worse and asked me to write and let you
know. He is suffering with tuberculosis
and the last two days has been having
haemorrhages. The doctors have no hope of
his recovery though he may last some time

Yours Respectfully

Victoria L. Ewart
