parcel. If I was you I shoulden
leave such a good place when you
like the place & the amount of work
you have to do. is Christina still

are quite well as I no they
got a big fright not very long
ago. how long is Chris expecting
to stay with her if she not
enterellng to stay very long with

her she should go home
with mother for a while as
I no you stayed with her longer
then her but I hope one of
you will go home as mother
is getting very old now & she
is not fit for to much work
now. you were asking me in your
last letter if I was coming
