Dear Peter,

Please find enclosed a DVD relating mostly to Dornoch and croft 327 Hilton, Embo Street.

It is about 20 mins long, taken in about 1958 on colour cine, put onto vhs about 1986 and DVD yesterday. I have the original cine film and a place to transfer it to disc for a future project which could be better or worse.

I was staying on our croft land in summer and mentioned to a man on the history stand at the Dornoch show that I had some colour film of the train and would send it on when I could. It's not as good or long as I remembered it, so have included everything on the vhs relating to Dornoch

The DVD is best with the brightness up. The croft land is filmed so have included a map of 2 out of 3 fields. The crofters in the film were my grannie Katie Mckay and her husband Angus. Katie's daughter Margaret is my mother. Me, my sister Lorna and Father Gordon are also in the film around the croft. Me with blonde hair and basin haircut, Lorna with blue dress and red hair ribbon.

I have included what we know about other people in the film on a separate piece of paper.

I also have some other bits and pieces relating to my family from the area, e.g. medals photos which someone may know about or be interested in.

Please let me know if any of this is useful. Happy Christmas.
