EMBO HOUSE,  
DORNOCH,  
SUTHERLAND.

3<sup>rd</sup> May

Dear Sir

Your letter duly recd

requesting land for allotments.

I have already given up all my  
land in Bishopfield for allotments.

I think it rather unjust asking  
more, especially, as there is more  
suitable land to be got - in the  
Burgh, cultivated by those who  
don't depend on land for their  
living.

This land is in reality  
my Sons who have done their

their duty by their country  
and land-cultivation is their  
and my sole living.

It is well known we  
have a very bad water

supply and in the summer  
I am forced to put my  
cattle to the trough

I am,

Yours faithfully,

John H. Church
